

Bringing families from Lochgelly HS together

FIND THE FAMILY ZONE IN ROOM B23

Fife
Gingerbread

The Family Zone is a partnership project funded by Lochgelly HS (Pupil Equity Funding) to support local families. We will work with families who have a young person attending Lochgelly HS, and referrals will be made by the Guidance Team. The project will offer a safe space for families to take part in bespoke activities. Our Support Worker will work with families in their homes to identify barriers and provide support. Our Family Learning Coordinator will deliver a range of fun, engaging and interactive family sessions.
